FOR IMMEDIATE RELEASE

GREAT PROGRESS MADE ON ALPINE RESORTS 2020 STRATEGY

The latest update of the implementation of the Government's Alpine Resorts 2020 Strategy was released today.

The report was released by the Alpine Resorts Co-ordinating Council. The Chairman of the Council, Mr Andrew Fairley, said "with nearly 100 actions defined in the Strategy it is most pleasing to report that virtually all actions have been completed or are well underway. The Alpine Resort Management Boards and Government Agencies with responsibilities under the Strategy are to be commended on the great progress being made."

The Alpine Resorts 2020 Strategy defines a vision of 'four season, vibrant, sustainable resorts' and sets out a series of 'actions' covering climate change, resort use and development, environmental management, and good stewardship.

The report is available at the Council's website: <www.arcc.vic.gov.au>.
